

Hawg Hawlers NEWSLETTER

OCTOBER
MARK TWAIN

CLASSIC RESULTS....

The weather co-operated for a change and gave us a great weekend for the classic. The lake was still up, but you could at least see the TOP of the ramp. Again this year, we drew for weigh-in partners. The drawing was held prior to the pre-tournament meeting, and partners were announced on the lake. Strategies were discussed, friends were made and all was ready. (Remember that these are weigh-in partners)

First place was taken by none other than Terry (didn't he win last year) Bost and Carl (free ride) Zummallen. Terry caught 1 fish each day for a total of 4.89 lbs. Terry and Carl won plaques and Shimano Rod and Reel combo's for first place.

Second place was won by Dan & Dan (that's Price and Durbin). Keep in mind that each of these Dan's had a boat partner named Mark (that's Henry and Sylvester) who, as luck would have it, were also weigh-in partners. Don't worry this is going to get worse. Dan (Durbin, not Price) rode the coattails of Dan (Price, not Durbin) who caught a nice 3.23 pound fish. With that fish, Dan (Price again) also took the Big Bass Pool, which went by boat partners, not weigh in partners. Now pay attention..... Dan and Dan (Price and Durbin) won Shakespeare 5'10" Ugly Stick Spinning Rods for second place, but Dan (Price, not Durbin) and Mark (Henry, not Sylvester) split the Big Bass Pool.

..... Mark Sylvester didn't win anything.
Got it ? ? ?

Now if that wasn't confusing enough wait till you hear this one. Third place was won by the Gary McFetridge team consisting of Gary McFetridge. That's simple enough, right? Well, Gary didn't have a boat partner, so he wasn't in the draw for a weigh-in partner. Fishing alone didn't hurt him much, because he won third place all by his lonesome. Gary's fish weighed in at 2.10 pounds, and won him 2 Zebco Ultralite Reels and 2 Hawg Hawler Hats.

Fourth place was won by the weigh-in team of Dave Jett and Terry Stanek. Dave's 2.06 pound bass won each of the team members a Ray-O-Vac Flashlight.

I covered big bass, right? Yeah.

Big Thanks to Team Diawa
for their generous contribution to our Classic.

LUNCHEON.....

After the tournament we all met at the Junction Inn for a feast fit for a bunch of King's, and one Queen. We had a pork tenderloin platter, with baked potato (no 'E' for all you 'other' Dan fans), vegetables, salad, bread, coffee/tea/soda, and dessert of your choice.

Awards, Officers and Business

After the luncheon, we adjourned to the lounge across the hall for the awards presentation. Terry Stanek presented the recognition awards for the 1993 Tournament Directors (see list enclosed). The next order of business, was the drawing for over \$1000.00 worth of attendance prizes. The Big winners were Gary Eubanks (Team Diawa TD2HI Baitcasting Reel) and Carl Zummallen (Team Diawa 6' Casting Rod). A complete listing of prizes and winners is enclosed.

After a few gag gifts were awarded, and a few laugh's, it was time to get down to business. All attendee's completed a lake survey that will be used to determine next years schedule. An open forum was held to discuss any item of concern by any of the members.

The last order of business was to elect the 1994 officers. We have decided that, with the size and growth of the club, there is a need to add an officer position. We have added a position to be responsible for the procurement of all attendance prizes, to organize and coordinate the October Classic, and to maintain contacts with our Sponsors. These responsibilities will fall under the title of Vice President. The old V.P. responsibilities are transferred to a position to be called Club Tournament Director. Back to the elections; Since no new nominations were made from the floor, the new officers were elected by acclamation.

The officers for 1994 will be.....

President	Greg Heinz	441-7452
Vice President	Terry Stanek	739-8915
Chief Tournament Dir	Bob Treadway	946-3143
Secretary	Greg Dix	839-9889
Treasurer	Steve Rhea	279-1542
Membership Chairman	Dan Durbin	846-6578

Please feel free to contact any of the officers for any question you may have regarding the club, the tournament rules or by-laws, or any other item you would like to discuss.

Angler of the Year

- 1993 -

Dan Price

33.27 lbs

Dan Price has won his second Angler of the Year title (Dan also won in 1991). Dan surpassed his last winning total weight by over 10 pounds. His competition this year was threatening him all year, even through the last tournament. Dan went into the Lake of the Ozarks tournament in September with a 2.8 pound lead on Dave Jett in second place. During that tournament Dave caught 4.38 pounds.....enough to springboard him into first place. But ol' Dan came through with 5.96 pounds of his own to; not only retain the lead, but increase it. He and his partner (Mark Henry) also won the tournament. A pretty impressive finish to a great year of competition. Congratulations Dan.

Dave Jett finished second (not bad for a rookie) with 28.89 pounds, and Terry Bost was third with over 20 pounds.

Big Bass of the Year

- 1993 -

Peary Rice

4.98 lbs

The Hawg Hawlin' award for being the best Hawg Hawler for the year goes to a new member of the club.....Peary Rice. Peary only fished one tournament with us this year but it was an impressive one. He, and his partner (Chris Klaus) caught 12 keepers and won the Wappapello tournament in August, included in those fish was the Big Bass of the Year for 1993. Congratulations Peary.

Second largest Bass weighed 4.41 pounds and was caught by Ted Reim in September at Lake of the Ozarks, third place went to Jack Tschannen at 4.39 pounds at the same tournament.
