In Memoriam

EUGENE DALE REIM

1935 - December 24, 2001

Husband of Alice J. Reim (nee Swartzlander); dear father of Barbara, Theodore, David Reim; dear son of Dolores Reim and the late Theodore; dear brother of Karen Williams, Judy McKee, Theodore, Robert and Gary Reim; dear brother-in-law, uncle, cousin and friend to many.

Hawg Hawlers Bass Club is deeply saddened by the passing of Gene Reim, a long time member of the Club, who had a heart attack on Christmas Eve and passed away. In his 9 years with the Hawg Hawlers, Gene had won 6 individual tournament Big Bass awards. Two of those were Big Bass of the Year (1995 & 1999). He came in second in the Angler of the Year for 1995. He was consistently in the top ten in the points standings. He holds the Club/Lake Record for Truman Lake. In 1995 Gene caught a 7.40 lb. Largemouth at Lake of the Ozarks, that is the current All Time Record for the Hawg Hawlers Bass Club.

Gene has finished "in the money", more times than most other club members, and he did this while sharing some (but not all) pattern information with other club members prior to the tournaments. Gene retired from NIKE in 1998, and kept very active with the pastime he so loved and was so proficient at - fishing, right up until his passing. He was a very close personal friend of many club members. He was a fine, highly respected man, and touched many lives. He will be missed by many. Rest in Peace, Gene.
