## Pomme Lake News

**20 Boats** raced around Pomme for a spot at the top of the scale.

It was a cold start on Saturday with temps in the 40s but warmed through the day to the high 60s. Sunday was slightly warmer and it turned out to be a nice weekend of weather.

Water levels were at normal pool (839 ft) and water temps were around 78-82 degrees. Sunday did have some gusty winds for part of the day too.

With a total of 133 fish weighed for 186.90 lbs, I'd say the fishing was pretty good.

**A special thanks Shimano** for sponsoring this tournament. Also to **Nemo's Resort** for their lodging discounts and hospitality to the Hawg Hawlers.

## A HOOK from our President.....

**What a great weekend to be on the water**, at least for some. the weather straighten out and it was as good as it can get this time of the year. Did everyone hear I caught 3 big muskies?

For me this was the best and the worst weekend of the season. Saturday morning Bryan and I pulled up to our first stop. Right off the bat I caught and landed a 30 plus inch muskie. After pictures I started fishing again only to hook into another muskie, this one was over 40 inches. Again pictures were taken. This time I did retie my spinner bait, casted down the side of a dock and hooked the biggest fish of my life, after what seem like forever we managed to get the monster in the boat, this one was over 50 inches and was over a foot in diameter. I don't know what it weighed but it was all I could do to hold it up for pictures.

You may ask what type of line I was using to land fish like this....14 lb mono made by Stren that was 2 years old. It did take about an hour and half to boat the three fish which basicly bit on back to back cast. We had to leave this spot because the muskie were so thick. Poor Bryan didn't even get to fish through all this between having to play net man and then camera man.

Now for the worst day, Sunday. We had decided to make a run up the Pomme arm and was about 12 miles from take off when the lower unit went out, leaving us stranded . That's when Dale from Nemo resort came to our rescue, I called him and he drove out to get Bryan and take him back to my truck and trailer. We did fish the area around the ramp we were near, and did manage to catch 4 fish but we were DQed for pulling the boat out of the water. Good news is the new lower unit is sitting over in the shop right now waiting on me to put it on.

Well we are down to only one tournament left. It seems like this year just flew by. It has been an unusual year weather wise with cooler temps throughout the normally hot months. Our ice cream social was really a bust this time, hard to want ice cream when you got to stand around the bonfire to stay warm. Oh well....a lot of good laughs and stories were had by all.

Its been a long time since we have had an Angler of the Year race this close. With three of us neck and neck (Chris, Scott and myself) it's basically a few fish separating all 3. It's going to come right down to the wire as to who will be the AOY for this season. Good luck guys!

Dan will be signing people up for the Banquet at LOZ, so check with your family, and know how many people you will have attending this year. Any member who has fished 2 or more tournaments can attend the banquet for free. All others will have to pay \$10.00 per person, this includes all family too. For anyone not attending the last tournament but want to attend the banquet send Dan your filled out form as soon as possible. Be sure to include your payment for anyone that hasn't fished 2 tournaments with us....and their names too.

Ok guys and gals, hope to see everyone at LOZ, and may the fish gods smile on us.

**Greg**

P.S. Did you hear I  
caught 3 big  
**MUSKIES!**
