Matt Gharst & Dave Sona completely crushed the competition at Kentucky Lake catching 18 fish weighing in at 47.51 pounds. This weight far eclipses the previous lake record for our spring tournament of 33.54 pounds caught by Brian & Mark Forrest in April 2013. Matt & Dave caught their fish on shakey-head rigged fork tails and fished mostly in and around Jonathan Creek. Congratulations to Matt & Dave! **First Place Payout was \$272**

Lake News

Rain, Rain, Rain!!!! 23 Boats showed up to fish the first tournament on Kentucky Lake of the Year. It rained all weekend and the only time I saw the sun was on the way home when I got out of the state. On Friday, I had seen water temps over 70 degrees; however, the cold front that moved through pushed the water temp down into the low to mid 60's. Despite the wet conditions, some good bags and big fish were brought to the scales. 108 fish were caught in total for a 2.35 fish per angler average or a 4.7 fish per boat average. I saw 2 nice smallmouth weighed in and several nice females full of eggs. It seemed the majority of the quality fish I caught were not super shallow in the far back of creeks, but on main lake and secondary points in 8-12 feet of water waiting to move on beds.

A big thank you to Heather at Sportsman's Lodge for accommodating our club. If you haven't booked your rooms for the June tournament yet, make sure to give her a call as soon as possible before they are all booked up.

You smell like fish!

How many times have you heard that? As a fisherman, you may get used to the smell, but who wants that fishy smell when you break for lunch or, worse yet, when you get home to the family? Fish-D-Funk Fish Odor Removal Wipes make it easy to get rid of the stink!

Wipe hands after handling fish

What do you do after catching a fish? Wipe your hands on your pants? A Fish-D-Funk wipe will remove the odor (and slime) and save you from wearing the stink the rest of the day.

Use before lunch

So you've caught a bunch of fish and it's time for lunch. Your sandwich just doesn't taste the same when all you smell is fish slime. Fish-D-Funk Wipes completely remove the fish smell.

Clean hands after cleaning fish

What about after cleaning your catch? Your hands smell nasty! Ordinary soap doesn't work, but Fish-D-Funk will. No need to smell like fish any longer. Get Fish-D-Funk Odor Removal Wipes.
