Lake News

35 Boats showed up to start the 2018 year off on the first Lake of Egypt tournament in Hawg Hawler history.

Having only caught 39 fish out of 36 boats the year prior at Clearwater Lake coupled with poor electronic fish sampling numbers from the Missouri Department of Conservation, the club officers figured that a new lake was in order for the first tournament. It is never an easy decision when moving to a new lake for fear of poor turnout, poor fishing and upsetting club members. Lake of Egypt was chosen due to its proximity and because it is a power plant lake that sees warmer weather than most lakes in March. Research indicated good populations of largemouth bass and quality fishing in early March. Fortunately, Lake of Egypt did not disappoint as 35 boats showed up to fish and brought 100 fish to the scales nearly tripling last year's catch. Several members caught quality fish in the slot limit (14-16 inches) which had to be released. The weather was excellent given the time of year and everyone seemed to have a great time.

Sponsors 2018

OPC Marine has been a major sponsor of the Hawg Hawlers for years. Schedule your boat for an Outboard Annual Service which includes checking main engine components, fluid levels, greasing fittings, replacing the water pump, spark plugs, fuel filter, gear lube, pressure test of gear housing seals, and much more. There is simply too much to list!

If you are having trouble starting your boat up for the first time this year give OPC a call to get you back on the water. If you didn't winterize your boat in 2017, don't make the same mistake this year. Check out their 3 different Winterization packages before you put your boat up for the season.

YO-ZURI is a Major Sponsor for the Club this year. They have an awesome selection of hard baits, line and a new spinnerbait called the "knuckle-bait." Various assortment of colors and 3D Prism effects are absolutely amazing. You can find their products at Bass Pro Shops, Cabela's, Academy, Dicks or online at www.yo-zuri.com

G Loomis - With 8 different lines of bass fishing rods (NRX, GLX, E6X, GL2, Classic, Bronzeback Series, Fiber-Blend) you should have no problem finding the perfect rod for whatever type of technique you prefer. If you've never fished with a G Loomis rod before, you don't know what you are missing. These are some of the most sensitive rods out there and built for serious bass fishermen.

SHIMANO Shimano is by far one of the world's most premier fishing tackle companies and highly respected by bass fishermen everywhere. Given the Curado's great reputation as the gold buy standard of affordability priced bulletproof baitcasters, it's likely there are more of these reels in bass boat rod-lockers than any other make. It's hard to believe that even in the spinning reel world, Shimano hit another home run with their Stradic Ci4 (check the online reviews if you don't believe me). I recently picked up one of their Crucial rods a Bass Pro and let me tell you it is one of the lightest rods I've ever handled.
