Don & Corey Dickerson were in the lead after day one with 6 fish weighing in at 11.99 lbs. Corey's 4.90lb bucket-mouth on Saturday was the biggest bass of the day and he caught it on none other than a black crankbait (wiggle wart). On Sunday they brought 4 fish to the scales at 10.36 lbs for a combined weight of 22.35 lbs which was enough to beat out the competition and take home the win. Congratulations Don & Corey!

First Place Payout was \$314

Lake News

FREEZING COLD weather and icy/snowy road conditions forecasted on Friday afternoon caused several teams to cancel. If the weather would have been nicer the club would have had 40 boats at LOZ. Even so, the turnout was still amazing with 32 boats showing up to fish in the wintery conditions. Greg speculates that this was either the coldest or one of the coldest tournaments the club has ever fished. Many of us had our doubts to how many boats would bring in fish to the scales. Overall 116 fish were weighed in with 26 of the 32 boats (81.25%) catching fish. Water temps ranged from 43-47 degrees and the high air temp for the weekend was 43 degrees. To put things in perspective, last year (2017) 40 boats weighed in 125 fish with water temps of 55-62 degrees and air temps of 54-75 degrees! Congratulations to all who toughed out the weather and showed up to fish!

Saturday Evening's hot dog roast was a success as a few members brought pots of chili so we could all make chili-dogs. Several new members showed up and were introduced and welcomed into the club. Everyone stayed warm in Rock Harbor's meeting room and enjoyed a few drinks and laughs amongst friends.

Sponsors 2018

OPC Marine has been a major sponsor of the Hawg Hawlers for years. Schedule your boat for an Outboard Annual Service which includes checking main engine components, fluid levels, greasing fittings, replacing the water pump, spark plugs, fuel filter, gear lube, pressure test of gear housing seals, and much more. There is simply too much to list!

If you are having trouble starting your boat up for the first time this year give OPC a call to get you back on the water. If you didn't winterize your boat in 2017, don't make the same mistake this year. Check out their 3 different Winterization packages before you put your boat up for the season.

YO-ZURI is a Major Sponsor for the Club this year. They have an awesome selection of hard baits, line and a new spinnerbait called the "knuckle-bait." Various assortment of colors and 3D Prism effects are absolutely amazing. You can find their products at Bass Pro Shops, Cabela's, Academy, Dicks or online at www.yo-zuri.com

G Loomis - With 8 different lines of bass fishing rods (NRX, GLX, E6X, GL2, Classic, Bronzeback Series, Fiber-Blend) you should have no problem finding the perfect rod for whatever type of technique you prefer. If you've never fished with a G Loomis rod before, you don't know what you are missing. These are some of the most sensitive rods out there and built for serious bass fishermen.

SHIMANO Shimano is by far one of the world's most premier fishing tackle companies and highly respected by bass fishermen everywhere. Given the Curado's great reputation as the gold buy standard of affordability priced bulletproof baitcasters, it's likely there are more of these reels in bass boat rod-lockers than any other make. It's hard to believe that even in the spinning reel world, Shimano hit another home run with their Stradic Ci4 (check the online reviews if you don't believe me). I recently picked up one of their Crucial rods a Bass Pro and let me tell you it is one of the lightest rods I've ever handled.
