**Mick & Doris Schwent** took 1st place at Table Rock in a large field of 42 boats. This is their second 1st place win at Table Rock and they broke the lake record (previously set by them in 2015) by just 0.07 pounds. They reported catching their fish on ned rigs and tubes which is the same way they secured their win back in 2015.

## Lake News

A huge field of 42 boats showed up to fish Table Rock Lake. 281 fish were brought to the scales over the two day event. **The total combined weight of all the fish exceeded a 1/4 TON!!!** Several Smallmouth, Largemouth, and spotted bass were caught. Amazingly, not very many lunkers were seen with only 2 of the fish weighing in at over 4 pounds. Several anglers reported a strong topwater bite in the morning but you had to be in the right area where the fish were schooling to catch multiple keepers. Quite a few boats reported using ned rigs to catch their keepers.

It was pretty hot on Saturday and there were very few clouds to block the sun from beating down on us. A strong storm rolled in on Sunday and caused several boaters to seek cover. There was heavy wind and downpour that lasted for about 1/2 hour.

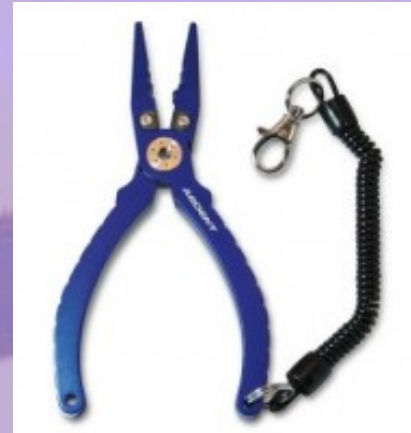

A big thanks to **King's Cove Resort** for the breakfast we received Saturday morning and for their hospitality in hosting the club once again.

## **Tournament Event—Table Rock Lake**

With 42 boats, we had a huge crowd to feed on Saturday evening. We served sloppy joes and had plenty of food so nobody should have left hungry. Mike Jankowski's Taco Salad and the Dickerson's cheesy potatoes were a huge hit. Thanks to Scott Hasty, Leroy Merli, Chris Himstedt, Wilbur Weidlich, Myles Midgley, Jim & Sue Trueman, Bryan Slaughter and Gary Byrd for bringing side dishes. If you brought something and your name isn't mentioned I apologize - so many people helped out it is hard to keep track!

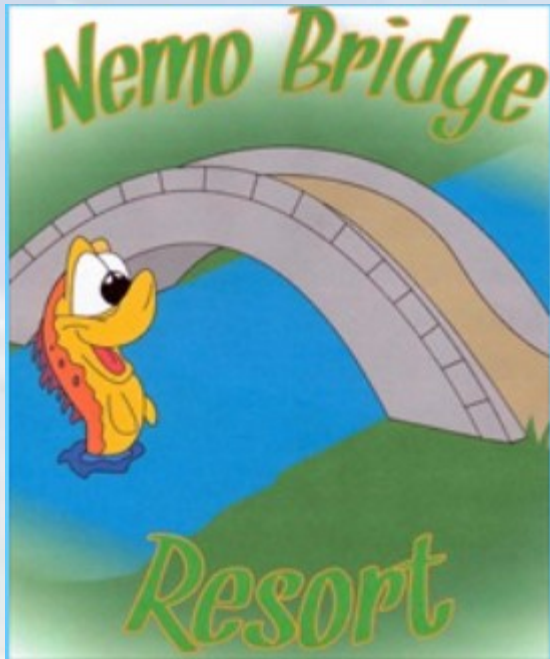

On Saturday evening, Jim Romaine passed a hat around asking for donations to help the club purchase new scales and weigh-in equipment. A lot of people stepped forward and donated to the cause. Astonishingly, we were able to raise \$1,000! This goes to show you just how great our members are and how much everyone cares about the club. To the people who contributed and chipped in - we can't thank you enough. You will see the new scales in action at Pomme de Terre!

## Sponsors 2018

**OPC Marine** has been a major sponsor of the Hawg Hawlers for years. Schedule your boat for an Outboard Annual Service which includes checking main engine components, fluid levels, greasing fittings, replacing the water pump, spark plugs, fuel filter, gear lube, pressure test of gear housing seals, and much more. There is simply too much to list!

If you are having trouble starting your boat up for the first time this year give OPC a call to get you back on the water. If you didn't winterize your boat in 2017, don't make the same mistake this year. Check out their 3 different Winterization packages before you put your boat up for the season.

**Ellis Battery** is another long running sponsor of our club and is the sponsor of this years' Lake of Egypt Tournament. They can outfit your boat or truck with new and fresh batteries for the year. They have all kinds of batteries (lawn mower, laptop, cell phone etc...). Please call Ellis for all your battery needs!

**YO-ZURI** is a Major Sponsor for the Club this year. They have an awesome selection of hard baits, line and a new spinnerbait called the "knuckle-bait." Various assortment of colors and 3D Prism effects are absolutely amazing. You can find their products at Bass Pro Shops, Cabela's, Academy, Dicks or online at [www.yo-zuri.com](http://www.yo-zuri.com)

**G Loomis** - With 8 different lines of bass fishing rods (NRX, GLX, E6X, GL2, Classic, Bronzeback Series, Fiber-Blend) you should have no problem finding the perfect rod for whatever type of technique you prefer. If you've never fished with a G Loomis rod before, you don't know what you are missing. These are some of the most sensitive rods out there and built for serious bass fishermen.

**SHIMANO** Shimano is by far one of the world's most premier fishing tackle companies and highly respected by bass fishermen everywhere. Given the Curado's great reputation as the gold buy standard of affordability priced bulletproof baitcasters, it's likely there are more of these reels in bass boat rod-lockers than any other make. It's hard to believe that even in the spinning reel world, Shimano hit another home run with their Stradic Ci4 (check the online reviews if you don't believe me). I recently picked up one of their Crucial rods a Bass Pro and let me tell you it is one of the lightest rods I've ever handled.
