Mike Estes & Marion Yahn used their local knowledge and years of experience fishing the lake to take 1st place at Kentucky Lake II. They made a long run down south to fish ledges pulling in two fish over 5 pounds each and weighed in over 30 pounds of fish on Saturday alone.

Congratulations Mike & Marion!

Lake News

Kentucky Lake continued to be tough this year for the Hawg Hawlers. Only 69 fish were weighed in over the two day tournament. The ledge bite and the shallow bite seemed to be tough for everyone.

The weather was at least much cooler than expected and we did not get any rainstorms.

A big thanks to **Heather at Sportsman's Lodge** for their hospitality and for making us all feel welcome.

Sponsors 2018

OPC Marine has been a major sponsor of the Hawg Hawlers for years. Schedule your boat for an Outboard Annual Service which includes checking main engine components, fluid levels, greasing fittings, replacing the water pump, spark plugs, fuel filter, gear lube, pressure test of gear housing seals, and much more. There is simply too much to list!

If you are having trouble starting your boat up for the first time this year give OPC a call to get you back on the water. If you didn't winterize your boat in 2017, don't make the same mistake this year. Check out their 3 different Winterization packages before you put your boat up for the season.

Ellis Battery is another long running sponsor of our club and is the sponsor of this years' Lake of Egypt Tournament. They can outfit your boat or truck with new and fresh batteries for the year. They have all kinds of batteries (lawn mower, laptop, cell phone etc...). Please call Ellis for all your battery needs!

YO-ZURI is a Major Sponsor for the Club this year. They have an awesome selection of hard baits, line and a new spinnerbait called the "knuckle-bait." Various assortment of colors and 3D Prism effects are absolutely amazing. You can find their products at Bass Pro Shops, Cabela's, Academy, Dicks or online at www.yo-zuri.com

G Loomis - With 8 different lines of bass fishing rods (NRX, GLX, E6X, GL2, Classic, Bronzeback Series, Fiber-Blend) you should have no problem finding the perfect rod for whatever type of technique you prefer. If you've never fished with a G Loomis rod before, you don't know what you are missing. These are some of the most sensitive rods out there and built for serious bass fishermen.

SHIMANO Shimano is by far one of the world's most premier fishing tackle companies and highly respected by bass fishermen everywhere. Given the Curado's great reputation as the gold buy standard of affordability priced bulletproof baitcasters, it's likely there are more of these reels in bass boat rod-lockers than any other make. It's hard to believe that even in the spinning reel world, Shimano hit another home run with their Stradic Ci4 (check the online reviews if you don't believe me). I recently picked up one of their Crucial rods a Bass Pro and let me tell you it is one of the lightest rods I've ever handled.
