## Hawg Hawlers Bass Club

(July, 1994)

### Mark Twain results.....

At Mark Twain last month we had 16 boats (at least most of the time), and quite a productive weekend. There was a total of 30 fish caught, including quite a few larger fish.

See the attached point standings sheet for all the results. Congrat's to Linda Bost and Mrs. Nevills for breaking that barrier and providing us with our first womens team.

The weigh-in in the parking lot went quite well. A stable surface is crucial to the accuracy of our scale (as long as the fish cooperate). It was a good thing too, because after Saturday's weigh-in there was only .01 pounds separating two of our teams. And the final results Sunday showed .12 pounds between 4th and 5th place.

Our scale is now 5 years old and has served us quite well. But, it may not be long before it will need to be recalibrated or maybe replaced. If anyone knows where we can get a scale that is reasonably accurate, preferably waterproof, and operates on 12 volts, please let me know (Greg 441-7452).

First Place was won by Terry Hanie and Gary McFetridge with a total of 7 fish weighing 21.13 lbs. They caught their fish on lizards and buzz baits on main lake points. Terry's 5.56 pound Hawg was the Big Bass of the tournament. They won \$ 176.00 for first place and another \$ 80.00 for big bass (total \$ 256.00).

Second Place was worth \$ 112.00 to Bob Ray and Terry Kennedy, 4 fish @ 10.30 lbs.

Third Place went to Mark Henry and Dan Price \$64.00, 3 fish @ 8.10 lbs.

Fourth Place and \$ 48.00 went to Gene and Ted Reim, 3 fish @ 7.88 lbs.

Fifth Place and \$ 32.00 went to Terry Bost and Randy Nevills, 3 fish @ 7.76 lbs, only .02 out of third.

### No culling in July/Aug

Just a reminder that in Missouri there is NO CULLING allowed in the months of July and August. That is our Pomme de Terre (July 15/16) and Lake of the Ozarks August 20th-allnighter) tournaments.

### Tournament Directors.....

Two points (each), and major league thanks go to Mark Henry and Dan Price for their outstanding job of handling the Tournament Director responsibilities.

Ok, everybody. You can stop knocking down Treadway's door, and ringing his phone off the wall. Our tournament director list is FULL (for this year). So, if you didn't get your lake reserved, well thats just tough beans. But seriously folks, thanks to all who volunteered. With the tournament registration, membership information, water patrol permits, Corps of Engineer's permits, attendance prizes, prize money payout, weigh in, and everything else, it sure is a big help and it is greatly appreciated by all the officers and members of the club. Again, thanks to all the past, present and future Tournament Directors.
