

Stanek & Treadway Clearwater Winners

Take first over 36 total boats

Terry Stanek and Bob Treadway, both long time Hawg Hawler members, put together the winning pattern for the biggest Clearwater Tournament in Hawg Hawler history (previous record was 29 boats) on March 17. Temps warmed to about 50° during the day, but a persistent north breeze made for a cool spring day. Water temps ranged from 48° to 50°. Terry and Bob never even fired the big motor, electing to fish right around the takeoff area, which was obviously good enough to top the other 35 boats...good job guys!

Stockton next Tournament

First 2 Day Tournament for 2001

The second Hawg Hawler Tournament for 2001 marks a little change from past schedules. Previous Hawg Hawler schedules have had us fishing Stockton in the summer, this year we thought we might give it a try in early spring. Past reports from this lake in early April have shown some great catches...keep your fingers crossed! We are fishing out of the State Park Marina again as we did in 1999.

Directions

Take I-44 southwest to Springfield, turn north on highway 13, turn west on highway 215 to Stockton State Park Marina.

A LITTLE THANKS...

Thanks very much to Bob Treadway for once again handling getting the permits for all the Hawg Hawlers Tournaments. Bob has been voluntarily taking care of this for some years now...your help is much appreciated Bob.

T DIRECTORS SPOTS ALMOST GONE

If you want to get in on being Tournament Director this year, you had better act quickly. Only a few spots remain open. If you are interested, just fill in that section on your next Tournament Entry form. First come first served.

BBQ ORGANIZERS NEEDED

We can still use volunteers to handle getting the food for our 2 BBQ's this year. If interested, note it on your Tournament Entry, or talk to any club officer.
