

LAKE WAPPAPELLO

JULY 19 - 20

Written by Greg "Cuz" Shands

~~

The only thing you can say about Wappapello was the weather was hot and the fish were not. With temperatures in the mid 90's and surface temps reported around 90 to 92 degrees, it made for some warm fishing. Only 54 fish were brought to the scales and only 3 anglers managed to catch their daily limit. No double limits were caught.

~~

Taking First Place was long time club members Tom O'connor and Warren Lichius. They brought a team total of 13 fish in which weighed 12.12 pounds. They reported catching their fish on 6" black worms. Warren had 5 fish on Saturday and 4 on Sunday , the most caught by any one member.

~~

Second Place went to the local father and son team of Greg and Andy Shands. They also had 13 fish, which weighed 9.73 pounds. Greg had a limit on Saturday. Their brush hog is still their bait of choice.

Third Place was also a father and son team of Mike and Dave Jankowski. They had 8 fish weighing in at 8.50 pounds. They reported using a rod and reel and some sort of artificial bait.

~~

Fourth Place winners were Terry Stanek and Lori Luzynski. They had 8 fish which weighed 5.83. Lori had her limit on Sunday. They used brush hogs (but not the purple colored ones).

~~

Big Bass Saturday Saturday's big bass was caught by Pam Wakim and weighed in at 2.74 pounds. She was using a green pumpkin wooly bug. Pam's fish was also big bass for the weekend so she also got the side pot of \$35.00.

~~

Big Bass for Sunday Warren Lichius had the big bass for Sunday. It weighed 1.78 pounds and he caught it on a black worm.
