From the Presidents Boat

First of all I want to thank everyone who showed up this past weekend at Lake of the Ozarks. It's always a good time to go fishing but to be able to fish and enjoy the company of good friends in a single weekend makes all of us winners. And it's even better when so many nice fish are brought to the scales. Great job everyone!

I hope you all enjoyed the get together Andy set up Saturday afternoon. He has plans like this for most of the tournaments this season. I know he has a weenie roast, ice cream social, fish fry, a round table discussion on your favorite way to catch fish and the chili dinner planned. Our goal is to get everybody involved with the club, get to know each other better and hopefully become better anglers and friends. That is what sets Hawg Hawlers apart from other bass clubs. We want to provide you, the members, with a fun and enjoyable way to fish, meet new people and share a common love of fishing. I know if you guys are enjoying yourselves, you will tell your friends about Hawg Hawlers and they will want to be a part of this great club and our club will continue to grow.

So from this point on, I would like everyone to start bringing their lawn chairs to all of the tournaments and be ready to have fun and participate in all of the planned events. And if you come up with or have ideas, by all means let us know.
