POMME 1 - 2013

Shands/Shands Win Pomme 1, 2013

Greg and Andy Shands swim past everyone to win the Pomme 1 - **G Loomis** tournament. Greg had a limit of 5 fish on both days and Andy limited on Saturday. Together they brought 19 fish to the scale for a total weight of 30.23 lbs. Andy's big fish was 2.87lb and Greg's was 2.65lb. Together, this is a team that is tough to beat. They reported catching most of their fish on Brush Hogs and Spinnerbaits. First place payout was \$236. This is also the 9th heaviest stringer in club history! Congratulations Greg and Andy!

Pomme 1 "Lake News"

Seventeen Boats lined up at Pomme de Terre for a great weekend of fishing.

Saturday, the weather held beautiful blue skies with temps reaching the high 80s by mid day. Sunday started off with cloud cover and a haze in the air but cleared off by mid day to reach highs in the upper 80s again.

Water temps held right around 70 degrees and water levels were about 6 inches above normal pool.

There were a total of 176 fish weighed in with 15 fish being over 2lb. Looks like we know why this is a favorite lake of many Hawg Hawlers.

Friday Night Hawg Hunt...

Eight Boats squared off on Friday night for a "Hawg Hunt" on Pomme. This 3 hour mad dash for the "biggest bass you can catch" cost \$10 per boat with 100% payout going to one lucky angler. Several anglers pre-fished on Friday to find their best "Honey Holes" and several fish came back to the scale during the event. Jason Kennedy took big fish of the night weighing in at 4.02 lb. Jason walked away with \$80 and plans to buy dinner for his partner!

1988 - 2013 Celebrating 25 YEARS

IMPORTANT REQUEST.....

For those of us that fished the Pomme de Terre tournament... I'm sure you noticed the large numbers of DEAD FISH. We have tried to get answers as to the cause of the fish kill, but have been unsuccessful. In an attempt to NOT transfer something BAD from that lake to another.....PLEASE wash your boat hull and livewells before launching your boat into another lake. WE are NOT saying that this will solve anything, but we ARE saying we don't want to take a chance in hurting any of the lakes we fish. We ARE about conservation too, and hope you take this seriously.

Thank you!
