Bob Shibe & Ken Boegeman took first place at Clearwater. While they did not disclose what they caught their fish on, rumors around the dock speculate that they used black crankbaits and topwater poppers to bring home the win. Ken caught the biggest bass for the team weighing 3.31 lbs. Congratulations to Bob & Ken! **First Place Payout was \$324** Bob said he is going to spend his big payday fixing his Mercury Outboard and buying Ken beer for showing him all the honey holes. Bob was kind enough to show me on the map where they caught their fish. See page 7 where I reveal to everyone their "Secret Spot"

Lake News

36 Boats turned out to officially launch the 2016 season of the Hawg Hawlers on Clearwater Lake. Thank you to Ken Jones for leading a prayer to remember and honor the memory of past members who are no longer with us. It was great to see so many new and familiar faces. I can tell that 2016 is going to be a great year already!

The lake fell 3' in the days before the tournament and came to rest at normal pool. The Tuesday before the tournament saw 78 degree weather; however, a cooling trend was in order as the temperature fell each day until the tournament when the high was 56. The wind picked up throughout the day and made it difficult for some to position the boat in unprotected coves and on the main lake. Nonetheless, 52 fish were brought to the scales with the largest weighing 4.43lbs. Surprisingly, no Smallmouth were weighted in.

HWY 54/63 BRIDGE CLOSURE UPDATE - Portions of the Highway 54/63 Bridge in Jefferson City will close in March 2016 for repair work. The project is expected to take about four months. Traffic over the bridge will likely be congested during peak morning and afternoon "rush hours" or at night as repairs to the westbound bridge begin. The \$7 million project to repair the westbound bridge will reduce traffic to two lanes in each direction in April. Please plan accordingly or try to take an alternate route to the lake if you want to avoid the potential congestion.

Membership Forms - You must have your membership forms in the Wednesday before the tournament to Dan Durbin. If your membership form is received after that date you will be considered a late entry and will be the moved to the last take-off and be ineligible for attendance prizes.

Kentucky Lake Tournament (June 25-26) - Dan is going to be leaving for Kentucky early, so you need to get your tournament entry forms (and membership forms) to Dan by Monday June 20th.

Sponsors - At Clearwater, we handed out envelopes to each boat with some sponsor decals and promotional items (keychains, screwdrivers, etc...). Also included was a 1/2 page article asking everyone to do their part in helping to promote our sponsors. Hopefully you have taken the time to put a sticker or two on your boat or truck or to find one of our sponsors on FaceBook and "Like" their page. Please find the Hawg Hawlers FaceBook page and follow us and help us get our sponsors names out there. If you have a story or review that promotes our sponsors, we want to hear about it!

Sponsors 2016

OPC Marine has been a major sponsor of the Hawg Hawlers for years. Schedule your boat for an Outboard Annual Service which includes checking main engine components, fluid levels, greasing fittings, replacing the water pump, spark plugs, fuel filter, gear lube, pressure test of gear housing seals, and much more. There is simply too much to list!

If you are having trouble starting your boat up for the first time this year give OPC a call to get you back on the water. If you didn't winterize your boat in 2015, don't make the same mistake this year. Check out their 3 different Winterization packages before you put your boat up for the season.

Ellis Battery is another long running sponsor of our club and is the sponsor of this years' Clearwater Tournament. They can outfit your boat or truck with new and fresh batteries for the year. They have all kinds of batteries (lawn mower, laptop, cell phone etc...). Please call Ellis for all your battery needs!

Culprit is sponsoring us again for our Mark Twain tournament. They have tons of awesome baits that have been fooling bass for years. I personally love their Incredi-Craw for jig trailers and Carolina rigs. Check out their new 4" Incredi-Frog which features

"Incredible" easy casting and leg action imitating a fleeing frog! The body has tapered edges and a dense shape to make it heavier and more aerodynamic. The hook pocket enables easier hook-ups and the ribbed belly provides a smoother pull across vegetation. www.culprit.com

G Loomis - With 8 different lines of bass fishing rods (NRX, GLX, E6X, GL2, Classic, Bronzeback Series, Fiber-Blend) you should have no problem finding the perfect rod for whatever type of technique you prefer.

If you've never fished with a G Loomis rod before, you don't know what you are missing. These are some of the most sensitive rods out there and built for serious bass fishermen. www.gloomis.com

Shimano is by far one of the world's most premier fishing tackle companies and highly respected by bass fishermen everywhere.

Given the Curado's great reputation as the gold buy standard of affordability priced bulletproof baitcasters, it's likely there are more of these reels in bass boat rod-lockers than any other make. It's hard to believe that even in the spinning reel world, Shimano hit another home run with their Stradic Ci4 (check the online reviews if you don't believe me). I recently picked up one of their Crucial rods a Bass Pro and let me tell you it is one of the lightest rods I've ever handled.

Jones Tackle Service - Need your reels repaired or serviced? Don't let a dirty/malfunctioning reel be the reason for "the one that got away." Jones Tackle is well experienced with many of the popular freshwater baitcasting reels including Shimano, Daiwa, Quantum, Lews, and Abu Garcia. They also service spinning reels. Located in St. Peters, MO, their goal is to get your reel back to you as

quickly as possible so you can get to fishing.
