## Memorable Moments

**Chris and Lydia Watkins** (both HH members) got married on Saturday evening June 4th in Troy, MO. I don't know many brides that would allow their future husband to fish a tournament on the day of their wedding, but Lydia did just that! Chris was second to last takeoff on Saturday morning, boat #24. Chris caught and weighed in three fish at the scales on Saturday. After weigh in, he immediately jumped into a car to rush home to Troy, Missouri so he could shower, throw on his tux, and rush to the altar in time. The wedding ceremony was held outside and mother nature spared them from any rain. Everything went just as planned.

After the reception, the newlyweds drove back down to Pomme so Chris could fish on Sunday to complete the tournament (on very little sleep!). When the tournament was over, Chris & Lydia drove down to the Smoky Mountains to finally enjoy their honeymoon together in a secluded log cabin in the woods.

**Congratulations Mr. & Mrs. Watkins**

## Sponsors 2016

# ARDENT

Rule the water.

**New Sponsor!**

**Ardent** is an American owned company headquartered in...Missouri! Ardent reels are backed with a 3 year warranty which is 2 years longer than any competitor. Ardent has many different products including rods, reels, reel cleaning kits, tournament weigh in bags, culling equipment, and line and line conditioner. Their Denny Brauer series rods are high performing and very sensitive. Best of all, they are reasonably priced at just \$99! Their Apex tournament is the best value in a high performance baitcast reel. It features a high strength aluminum frame with 8+1 ball bearings & swept back aluminum handle all for \$99.

**OPC Marine** has been a major sponsor of the Hawg Hawlers for years. Schedule your boat for an Outboard Annual Service which includes checking main engine components, fluid levels, greasing fittings, replacing the water pump, spark plugs, fuel filter, gear lube, pressure test of gear housing seals, and much more. There is simply too much to list!

If you are having trouble starting your boat up for the first time this year give OPC a call to get you back on the water. If you didn't winterize your boat in 2015, don't make the same mistake this year. Check out their 3 different Winterization packages before you put your boat up for the season.

**Ellis Battery** is another long running sponsor of our club and was the sponsor of this years' Clearwater Tournament. They can outfit your boat or truck with new and fresh batteries for the year. They have all kinds of batteries (lawn mower, laptop, cell phone etc...). Please call Ellis for all your battery needs!

**Culprit** is sponsoring us again for our Mark Twain tournament. They have tons of awesome baits that have been fooling bass for years. I personally love their Incredi-Craw for jig trailers and Carolina rigs. Check out their new 4" Incredi-Frog which features

"Incredible" easy casting and leg action imitating a fleeing frog! The body has tapered edges and a dense shape to make it heavier and more aerodynamic. The hook pocket enables easier hook-ups and the ribbed belly provides a smoother pull across vegetation. [www.culprit.com](http://www.culprit.com)

**G Loomis** - With 8 different lines of bass fishing rods (NRX, GLX, E6X, GL2, Classic, Bronzeback Series, Fiber-Blend) you should have no problem finding the perfect rod for whatever type of technique you prefer.

If you've never fished with a G Loomis rod before, you don't know what you are missing. These are some of the most sensitive rods out there and built for serious bass fishermen. [www.gloomis.com](http://www.gloomis.com)

**Shimano** is by far one of the world's most premier fishing tackle companies and highly respected by bass fishermen everywhere.

Given the Curado's great reputation as the gold buy standard of affordability priced bulletproof baitcasters, it's likely there are more of these reels in bass boat rod-lockers than any other make. It's hard to believe that even in the spinning reel world, Shimano hit another home run with their Stradic Ci4 (check the online reviews if you don't believe me). I recently picked up one of their Crucial rods a Bass Pro and let me tell you it is one of the lightest rods I've ever handled.
