Mike Jankowski & Tim Fleming Sr. took 1st plact at Wapp! Their spot was taken on Saturday morning so they decided to move to the closest point which was next to a shallow flat. They caught a few fish early and then the bite died off. Later in the day they picked up a few fish in shady pockets off the bank. On Sunday, they were able to catch 7 nice keepers right off the bat on one bank and had their limit by 10:30. They attribute their success to fishing flat points early and shady banks in the afternoon catching all their fish shallow in less than 3 feet. Tim caught two nice bass on Sunday weighing 3.57 and 3.49 pounds. They used baby brush hogs moving the baits slowly. No fish were caught deep. Congratulations to Mike & Ken! First Place Payout was \$256

Lake News

The Heat is On!!! With surface water temps over 95 degrees and the air temp feeling like it was over 100 it was one of the hottest days I've ever been on the water fishing. Despite the heat, 20 boats showed up and weighed in 187 bass! Everyone did an excellent job taking care of their fish with only 3 casualties over both days. The fish brought to the scales seemed to be a little on the small side with the average fish weight under 1 pound and only one fish caught over 4 pounds. July Wappapello produced a 9.35 fish per boat average

Next Tournament - continued

The last time the club fished Pomme in August was 2012. It took almost 20 pounds to win the tournament. 16 boats weighed in 124 fish for a 7.75 fish per boat average. The average fish weighed 1.47 pounds.

Major patterns seemed to be top-water bites in the morning followed by crankbaits and creature baits later in the day.
