Father & Son Team, **Steve & Alex Korn** took their first Hawg Hawlers win catching their fish primarily on topwater (Whopper Ploppers) and a couple on brush hogs. The fog delay on Sunday killed their topwater early morning bite, but they managed to bring a nice 2.83 fish to the scales to lock down the win.

Congratulations Steve & Alex!

Lake News

Norfork saw 21 boats for the first ever tournament on this lake. From what I heard from locals, the lake was very low for this time of the year (4-5 feet below normal) and the water temperature had dropped nearly 10 degrees in just a few days. The fishing seemed tough for most with fish seeming to be very scattered across the lake. Pinning down a particular pattern was very difficult and even finding a large number of 12" spotted bass proved difficult. A very long fog delay on Sunday was hard to sit through but I commend all the members for their patience. We take member safety very seriously and do not want to launch in these types of dangerous conditions. The fog was so thick that you couldn't see 20 feet in front of the boat when you got on the main lake.

Thanks to all who attended and a big thanks to 101 Boat dock for hosting the club!

Sponsors 2018

OPC Marine has been a major sponsor of the Hawg Hawlers for years. Schedule your boat for an Outboard Annual Service which includes checking main engine components, fluid levels, greasing fittings, replacing the water pump, spark plugs, fuel filter, gear lube, pressure test of gear housing seals, and much more. There is simply too much to list! If you are having trouble starting your boat up for the first time this year

give OPC a call to get you back on the water. If you didn't winterize your boat in 2017, don't make the same mistake this year. Check out their 3 different Winterization packages before you put your boat up for the season.

YO-ZURI is a Major Sponsor for the Club this year. They have an awesome selection of hard baits, line and a new spinnerbait called the "knuckle-bait." Various assortment of colors and 3D Prism effects are absolutely amazing. You can find their products at Bass Pro Shops, Cabela's, Academy, Dicks or online at www.yo-zuri.com

G Loomis - With 8 different lines of bass fishing rods (NRX, GLX, E6X, GL2, Classic, Bronzeback Series, Fiber-Blend) you should have no problem finding the perfect rod for whatever type of technique you prefer. If you've never fished with a G Loomis rod before, you don't know what you are missing. These are some of the most sensitive rods out there are

you are missing. These are some of the most sensitive rods out there and built for serious bass fishermen.

Shimano is by far one of the world's most premier fishing tackle companies and highly respected by bass fishermen everywhere. Given the Curado's great reputation as the gold buy standard of affordability priced bulletproof baitcasters, it's likely there are more of these reels in bass boat rod-lockers than any other make. It's hard to believe that even in the spinning reel world, Shimano hit another home run with their Stradic Ci4 (check the online reviews if you don't believe me). I recently picked up one of their Crucial rods a Bass Pro and let me tell you it is one of the lightest rods I've ever handled.
