Bull Shoals (BS) Lake

Bull brought 16 boats to the lake for our second visit this year. (paying 5 places)

Both days, take off temp were in the mid 70s with a very slight breeze and warming up to the low/mid 90s both days. Sunday did offer a bit more cloud cover early, but with a little less breeze!

Water temps depending on where you were around 82 degrees, and lake level was in the range of normal - +3 ft.

Fish were caught mostly (from what I've heard) dragging baits from the bank and through the brush. Others had success with drop shots. Hundreds of 5-6 inch fish of all three species were caught by most showing that Bull had an incredible spawn this year and will be awesome in another couple years.

Winning baits were: jigs, minners, drop shots, spoons and shakey head.
